Unlacquered Solid Brass Swiveling Shower Head

SHOWERS / FORM & MATERIAL

01 / THE OBJECT

This shower head is made from high quality solid brass, the premier choice for a fixture that lives in daily contact with water and heat. The strength is in the material itself, not in a surface coating that can chip or wear away. The unlacquered finish arrives with a soft golden shine and develops a deeper, antique patina over time, so the piece gains character instead of losing it.
